

November 11, 2020

Dear Crescent Resident,

This letter is to inform you of new sewer and solid waste services that will go into effect on Dec. 1, 2020 and the attached sewer connection application necessary to complete the no cost connection.

The rate will be a flat rate of \$48.00 for the median single-family home. As utility costs throughout the industry continue to rise, CSD staff is committed to managing those costs and staying efficient while upholding the commitment to a sustainable utility. Unfortunately, our project has been delayed because of the pandemic but we hope to have hook ups done by December 1, 2020. We have some exceptions with commercial sites, they have been notified of the delay. Our objective is to provide a better quality of life and long-term cost savings to residents.

Since city sales and property taxes partially fund sewer solid waste services, those costs must be recovered through residents' monthly fees. The 2020 rates are based on a detailed cost of service analysis to ensure that each utility customer pays their proportionate share of the costs to provide services.

If you have questions about the rates, please contact the CSD office 541-433-2951, Monday through Friday, 9 a.m. to 2 p.m. or visit at www.crescentsanitarydistrict.org. You may contact the CSD Team info@crescentsanitarydistrict.org with your questions.

Chuck Lawrence
CSD Project Manager
